## DIO'S REVENGE

At the end of the 19th century, on a country estate in England, the nobleman Sir Joster lived with his unlikely ward, a boy named Dio. Sir Joster had been Dio's guardian ever since Dio's father had saved Joster's life – and sacrificed his own – under mysterious circumstances.

Dio should have been grateful, but he had not inherited his father's selfless character. Instead, he plotted to take possession of Sir Joster's fortune.

Disguising himself with a strangely powerful mask, Dio became an immortal monster. He waged war on Sir Joster, but was repeatedly driven off by the nobleman's true son, Jonathan.

After a series of long, vicious battles, Dio was defeated and imprisoned deep under the ocean.

One hundred years have passed ...

A bizarre iron coffin is discovered near the Canary Islands in the Atlantic Ocean ...

In Japan, Jotaro Kujo, known to his friends as Jojo, awakens one morning feeling very weird. Something strange happened to him during the night. During his restless dreams, Jojo felt as if another being were taking over his psyche!

Recently, Jojo's mother, Holley, had fallen seriously ill. It was learned that she had been overcome by "the Stand"

This overpowering, mysterious, psychic inner persons would attack without warning.

Could Jojo also be affected by the Stand?

That day, Jojo learns the cause of his mother's mysterious condition – Dio has risen from the deep!

In order to defeat Dio and save Holley, Jojo and his friends head to Egypt. There they hope to discover the answer to the puzzling illness and "insecting dreams."

However, legions of Dio's savage minions will do anything to stand in their way ...
